Welcome Message

Invitation to the 2015 Annual Meeting of the Taiwan Urological Association

It is a great honor for me to invite you to attend the 2015 Annual Meeting of the Taiwan Urological Association (TUA). The meeting will be held for three days from August 21 to August 23, 2015, in Hualien, Taiwan. The organizing committee has enthusiastically prepared educational courses and a scientific program to ensure that the meeting is able to provide you with both useful knowledge as well as contributing to the medical progress of all TUA members and international delegates who attend the meeting.

In order to increase the academic level of the 2015 TUA annual meeting, we have organized a series of stimulating educational programs including State-of-the-Art lectures, various workshops, meet the experts events, the TUA symposia, and live surgery demonstrations. All the presentation files will also be posted on the new TUA E-School website. On behalf of the TUA, I would like to invite you to submit open papers to be presented as part of the scientific program. Your contribution will surely increase the scientific level of this important annual meeting.

The August season in Hualien is very beautiful. You can enjoy the golden sunshine, blue Pacific Ocean and green mountains of central Taiwan as well as participating in an academic program that provides information on a broad range of topics affecting urology. The venue is the Tzu Chi University campus, close to the Tzu Chi Meditation Hall, and it is hoped that you will feel free to enjoy the meeting at this wonderful venue.

We look forward to welcoming you and your family to Hualien, Taiwan, in August 2015.

Hann-Chorng Kuo, M.D.
President, TUA
Congress President, 2015 TUA Annual Meeting
